Updated May 6, 2020 4:44 PM

Long Island Rail Road officials said the \$2.6 billion Third Track expansion project remains on schedule and within budget, as they grapple with trying to protect the project's 500 workers during the coronavirus crisis.

...has been hampered by delays in the supply chain and the fabrication of certain COVID-19 pandemic, but the LIRR said it's finding ways to work around ... some jobs remotely to protect workers.
